

2026 13/u Division 1

Tasman Imperial 36 def Saints 31

Started the game of strong but were down by a few but worked hard to get it back to even. Lots of rotations with the warmer weather but great playing conditions. Saints are an opposition that we knew were going to be hard and we had to really bring it on the court.

Goalies were accurate and created movement and defence was strong with some great turnovers. Mid court providing all the goods, fantastic passes and movement with great defensive pressure. In a very even game they managed to get up by a few goals hold their position and score when needed taking the win. Absolutely fantastic and consistent team game by all players.
